

# Every patient is unique.

Unlike other lenses with pre-designed lens adjustments, the EUROPA SCLERAL and JUPITER SCLERAL lenses from Visionary Optics have complete customization of lens parameters for every patient need.

## These include:

- **Front Surface Toricity**
- **Toric Haptics**
- **Complete Parameter Customization**  
(optic zone, peripheral curves and center thickness)

Our experienced staff and customizable designs make even the toughest fits possible. Call us today to see why so many doctors have made us their lab of choice.
